Ok I see. Bailey says "clear vision" rather than just manifest.

You have done tremendous work on this so I am the furthest away from wanting to be critical. And I don't like things that are so footnoted that the text is hard to read.

I tend to think that the best way to keep these controversies in mind is with a "list of controversies" that applies everywhere and spells out the text issues so that we don't have to rely on every edition to make the same caveats.

I dunno. Any ideas on generally keeping these issues front and center? I am glad Elli made the comment - that's the power of teamwork as I probably never would have raised this
