

Perspectives On "Proving" That Pleasure is "The Good"

Post by "Godfrey" of December 19, 2022 at 11:54 PM

I do think that modern research has largely been a confirmation of Epicurus' position, which I find informative. There's no reason to take what he said "on faith" when it makes intuitive sense and has empirical confirmation. His original reasoning has been confirmed, to the point where many of his detractors words throughout the centuries look pretty ridiculous now.
