Thank you Elli for correcting me! Strike what I said above about "impossible - Epicurus . net is wrong - the word is DIFFICULT according to this source -- <https://l.facebook.com/l.php?u=http%3...rOWsEsRSQzQNUvK>

Substituting difficult for impossible helps a lot - we would still need to be careful with whether the issue is "sex" or "too prone" or "leans most keenly" -- in other words whether the issue is sex itself, or excessive / imprudent ways of indulgence in it.
