

Epicurus' Warning To the Young Man Who Was "Too Prone To The Pleasures Of Love"

Post by "Matt" of February 11, 2019 at 2:08 PM

Celibacy is a peculiar thing for a human. There are rare cases (and I would just guess pretty rare) where there are people who are just not as "sexualized" as others. But the majority of the human population carries a desire for sex and reproduction. If anything self-imposed celibacy is abnormal if the desire for sex exists.
