

# The Twelve Fundamentals - Discussion on Lucretius Today Podcast

Post by “Joshua” of January 5, 2023 at 5:24 PM

Quote from Don

And my take is that this was the primordial situation with all atoms falling in parallel "straight down." However, once a couple collisions happened, the order was interrupted by collisions and conglomerations in parts of the cosmos. In other parts, the parallel falling continued. And so on.

I've never been able to reconcile a 'primordial' downward movement with the concurrent claim that there was no beginning.
