

Episode 155 - "Epicurus And His Philosophy" Part 11 - The Canon, Reason, and Nature 02

Post by "Don" of January 10, 2023 at 10:50 PM

It's also important to remember we have more than "5" senses, including, at least:

1. Vision
2. Hearing
3. Smell
4. Taste
5. Touch
6. Balance (vestibular sense)
7. Temperature
8. Proprioception (body awareness)
9. Pain (nociception)
