

Happy Birthday General Thread

Post by "Cassius" of January 24, 2023 at 6:43 AM

Yes a special happy birthday to @EricR. Eric has had an account here since 2016 and has been a good friend during that time, It's interesting how patterns tend to repeat, and I don't think Eric would mind my saying that he has always struck me as someone very similar to our Joshua -- similar "radio" voice, background in Buddhism, poetry, and very creative.
