

VS63 - "Frugality Too Has A Limit..."

Today we switched the "hero" box on page one of the forum to [VS63](#) -a tremendously important and very clear statement, and a very potent retort against those who advocate a "minimalist" or "ascetic" interpretation of Epicurean philosophy.

Despite its usefulness, I don't think we have done a "deep dive" into the Greek wording or anything else we know about it from the Vatican list. I hope we can remedy that in this thread. For the time being, we have at least the following:

Bailey translation -

LXIII. Frugality too has a limit, and the man who disregards it is in like case with him who errs through excess.

Here is the Bailey version of the Greek -

***LXIII. Ἔστι καὶ ἐν λιτότητι μεθόριος, ἧς δ' ἀνεπιλόγιτος παραπλήσιόν τι πάσχει τῷ δι' ἀοριστίαν ἐκπίπτουσι.**

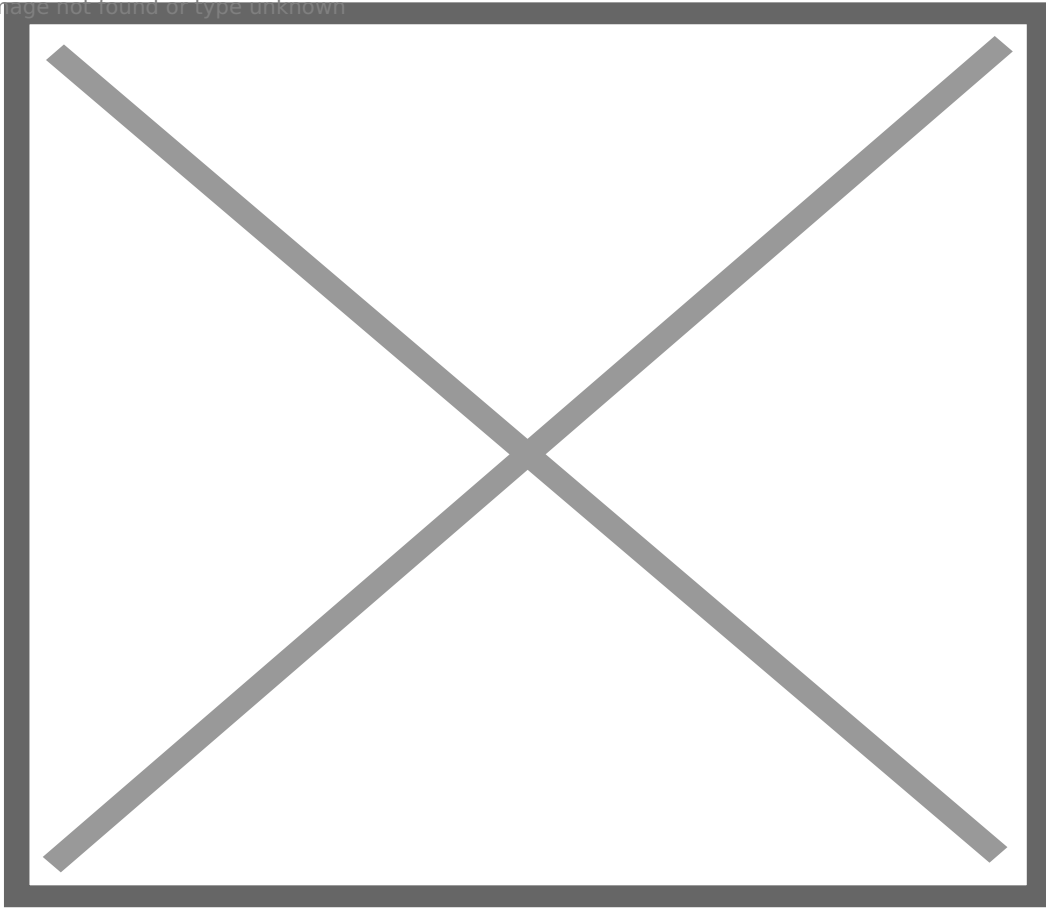

And Bailey's footnote -

LXII 2 ἔκγονα Wotke : ἔγγονα V 4 πάνυ Weil : πᾶν V : πάντως
Muehl : σιγᾶν Usener προσεκαίειν Weil : πρὸς ἑκκλησίαν V : πρὸς

If we can develop alternate translations we will add them to the Lexicon here:
