

VS63 - "Frugality Too Has A Limit..."

Post by "Cassius" of January 29, 2023 at 4:41 PM

Don: It occurs to me that in my one long past attempt to refer to Usener directly that I realized that he has not been translated directly into English and therefore access to it is barred to me.

Do I recall correctly that Usener wrote in German? I presume that now given our internet reach we have the ability to ask Martin and possibly others as well for assistance in understanding Usener's own notes on these issues?

Or are you already able to consult Usener?
