

VS63 - "Frugality Too Has A Limit..."

Post by "Don" of February 1, 2023 at 2:17 PM

Well, it comes down to where you decide if you're going to trust the manuscript and use λεπτότητα "elegance" or whether you're going to correct the scribe like Bailey and Usener and substitute λιτότης "limit".

And it's not elegant as in fancy. It's elegant as in not fussy. I like the connotation of the economy of movement or elegance of the surgeons hands.
