

# Five Doses That Trump Four Every Time - The "Five-Part Cure"

To me, a drive for clarity (or to banish improper connotations) is an embodiment of VS46 -

VS46. Let us utterly drive from us our bad habits, as if they were evil men who have long done us great harm.

Improper inferences from words like "tranquility" (and of "easy" in 3 and 4 of the T) have long done us great harm! 😊

So we don't need to jettison them completely, just be clear in our use of them.

I don't think I use the word "precision" twice in a year, but I see that Dewitt uses the word at least 29 times in his book, such as:

## THE FULLNESS OF PLEASURE

It is possible, however, to arrive at a higher degree of precision, always a chief objective in the reasoning of Epicurus. This higher precision depends upon discerning the subsidiary doctrine of the fullness of pleasure. For this there is a double logical basis: the first basis is the infinity of time, from which it is deduced that there can be nothing new.

(and the word "precise" 29 more times)
