

The Fun Habit by Mike Rucker

Post by “Don” of February 17, 2023 at 3:12 PM

I am really thinking I need to get my own copy of this book.

As I'm listening to the library's audiobook in my car, I keep thinking "yep, yep, that's good, oh, that's straight out of Epicurus... Good...." and so on. I can't take notes and I don't really want to go through the aggravation of doing it with the audiobook.

I'm currently 27% of the way through and really haven't heard anything off-putting or even much if anything outside what Epicurus would be writing in the 21st century. Granted, Rucker doesn't get into epistemology or physics, but the book isn't designed that way.

So, review so far continues to be 👍 👍
