

Was Epicurus Sexually Active?

Post by “Pacatus” of February 24, 2023 at 2:19 PM

[Quote from Don](#)

To my mind, "feeling romantic" and "feeling sexual passion" convey two similar but distinct feelings.

I think sexual passion (in English now) can be felt in the context of a loving, romantic relationship, as well as in other (nonromantic) contexts. But I cannot say that what I sometimes feel toward my beloved should not be called sexual passion, shared in a loving relationship. That seems to me to be an unnecessary parsing.
