

Odyssey's example of a drug for mental pains

Post by "Godfrey" of March 30, 2023 at 10:15 AM

[Quote from Cassius](#)

Would a pill that brings you "tranquility" at the cost of never experiencing "joy" be worth it?

That's pretty much the definition of what happens to one's feelings when one tries to dull the pain in one's life, isn't it? When you minimize your pain, over time, your pleasure goes with it.
