

Epicurean Symbolism in Herculaneum Art - Something To Track Down

Post by "Cassius" of May 15, 2023 at 6:42 AM

Yes the image Don is pointing to in post 8 just doesn't seem to me to look like the image in post 5. The image in post 5 at first glance looks to me more like a variation of Epicurus himself.

I don't doubt that you guys are right but that image in post 5 (which I do think I have seen before) confuses me.
