

Welcome Lowri834!

Post by “Cassius” of June 10, 2023 at 1:28 PM

Lowri834 for what it is worth, the system is generating messages that update emails to you are bouncing because of your spam filter. Probably no harm done but wanted you to know. If you'd like to see the full message we are getting from the spam rejection, just send me a message here on the forum and I will send it to you privately.
