[Quote from Joshua](#)

Danish scholar [Marcus Meibomius](#)

So, Marcus divided the books into paragraphs; what I called verses in my Menoikeus translation.

Usener's Epicurea was published in 1887; but we have above the 1758 French translation with enumerated PDs. Curiouser and curiouser.

I'm wondering if [Martin](#) is able to determine where the 44 comes from in the German translation.
