

Readings From Lucretius In Latin

Yes I agree TauPhi, Hans Ørberg's PER SE ILLUSTRATA series is very helpful and also extremely fun. I love that his commitment to making everything in Latin extended to the copyright page.

It always perplexed me how so many texts intended for new readers.... do not mark the long vowels! If I had started with Ørberg and not Wheelock, I would have saved so much time that I spent looking constantly at a dictionary just to see the vowel length.
