VS11 - Source of VS11 in manuscript

Post by “Cassius” of July 7, 2023 at 4:44 PM

I note that clicking on the "Read More" button on the page you are linking to brings up this:

And I note that you are referencing (for example) 402r for this page.

When I look under items 5 and 6 which might seem to apply, I see only Epictetus. I sure hope they didn't mislabel it and I am somehow on the wrong page.
