μέγεθος • (mégethos) n (genitive [μεγέθους](#) or [μεγέθεος](#)); [third declension](#)

1. [greatness](#), [size](#)
 1. (always in [Homer](#)) [height](#)
 2. ([mathematics](#)) [magnitude](#)
 3. ([sound](#)) [loudness](#)
 4. [power](#)
 5. ([character](#)) [magnanimity](#)

[Henry George Liddell, Robert Scott, A Greek-English Lexicon, μέγεθος](#)

The "limit" is that word that Epicurus uses to denote limits elsewhere and is the same word as that "boundary stone" that we've encountered before.

So it could be even something like "the limit of the amount of pleasure"
