

PD03 - Best Translation of PD3 To Feature At EpicureanFriends?

Post by "Cassius" of July 17, 2023 at 7:40 PM

[Quote from Don](#)

We have to read them as a text just like the letters

Possibly better to represent it like the Bible with some or all sentences numbered in Superscript but divided into paragraphs again like Don said as one document/letter rather than a discrete numbered list.
