

DeWitt's "Organization And Procedure In Epicurean Groups"

Post by "Cassius" of March 19, 2019 at 8:45 AM

The first sentence of that excerpt is a list of Greek words which describe the various functions within the framework. Could someone who knows Greek help us come up with a list of each Greek word and the corresponding English translation? It looks like they are probably arranged from most mature to newest. Thanks! I will get to work on it myself at some point but I still don't have a good system set up even for typing the Greek characters.
