

# Great blog post by Bart Ehrman on Awareness of Our Death

Post by “Joshua” of August 2, 2023 at 6:26 PM

That is a fascinating story, Godfrey.

Quote

He responded, while noticeably tensing up, that an afterlife was "a line in the sand" for him: he couldn't consider any philosophy as legitimate that didn't include an afterlife.

I also have a line in the sand, which I have called "the principle of the cockroach"; any account of humanity and its fate that fails to take into account other species of animal (of which we are one) must necessarily be incomplete.
