

August 7, 2023 - Monday Night Epicurean Happy Hour

Post by “Kalosyni” of August 6, 2023 at 12:13 PM

Just a reminder: Tomorrow night is First Monday Epicurean Happy Hour! 8pm ET

Super excited...I'll be doing a short presentation, which will touch on "What do happy people do?" But of course we can't say the word "happy" (or happiness) without diving into the meaning of it (perhaps it will be part of the follow up discussion). I'll be combining some findings on modern positive psychology together with Epicurean text.

And remember you can...byob - bring your own beverage, lol 😊

Meeting is open to forum members, message me if you need the Zoom link 😊
