

# PD06 - Best Translation of PDO6 to Feature at EpicureanFriends.com

Post by “Don” of August 8, 2023 at 1:29 PM

## [Quote from Cassius](#)

Don your breakdown by word reminds me of the "nodictionaries.com" format for Latin. I don't suppose you know of an equivalent for Greek?

I typically defer to Wiktionary or directly to Liddell and Scott on Perseus.

PS. Perseus does something similar with its clickable words in texts but not exactly like nodictionaries. I was unaware on that site.
