

The Real Impact of Epicurus saying the celestial bodies weren't gods!

Post by “Don” of August 16, 2023 at 4:37 PM

<https://youtu.be/fiptp1bU5qQ>

Start 32:07, talking about Gal. 4:3, 8-9

This is the mention of the elements that comes up from time to time.

I've become a fan of Data Over Dogma, and this episode talks about Cicero, the gods, and implies what a revolution it really was for Epicurus to say the stars were not gods!

Fascinating stuff (to me)!
