Julian the Apostate, his condemnation of Epicureans and Pyrrhonists;

Quote

Let us not admit discourses by Epicureans or Pyrrhonists – though indeed the gods have already in their wisdom destroyed their works, so that most of their books are no longer available. Nevertheless, there is no reason why I should not, by way of example, mention these works too, to show what sort of discourses priests must especially avoid; and if such discourses, then much more must they avoid such thoughts.
