

Time in Epicurus, Lucretius, and Aristotle

Post by “Don” of September 5, 2023 at 4:14 PM

I think void is a thing, or at least the absence of a thing. It is the "thing" through which atoms move. I don't see equating time with void. If anything, time is a descriptor of a descriptor. It is a way of talking about the duration of a quality, a quality of a quality.
