

# DeWitt's "Organization And Procedure In Epicurean Groups"

**Post by "Elayne" of March 25, 2019 at 2:39 PM**

Although I typically prefer a less hierarchical way of interacting in social life (I have no trouble taking charge in critical medical situations)-- more of a consensus based process-- I can see that this would not work in a group unless each member was thoroughly on board with the philosophy, understood it, etc. So in my local group, I have found it necessary to be in a leader role.
