

Colossians

Post by "Titus" of October 12, 2023 at 5:19 AM

[Quote from Don](#)

Maybe I could rationalize the "matters of food and/or drink" or "observing festivals" (The 20th, anyone?)... but then the letter's author goes into new moons or Sabbaths. In fact, "matters of food and drink" sound like this "philosophy" being discussed has some dietary rules or forbidden foods that the Christians are eating. It's hard to say without any context. I'm sure the Colossians knew what he was referring to!

Maybe he is referring to different groups at the same time. As you did say, we would need more information about the background of the recipients.

For the next week I will be occupied by work, but I am looking forward to participate more afterwards.
