

VS41 - Thoughts on and translations of VS41

Post by “Pacatus” of November 2, 2023 at 7:53 PM

[Onenski](#) and [Don](#) :

This rendering -- clearly based on the Greek text -- is dramatically different from our received English translations (which seem to command continual spouting of philosophical dicta)! And I think [Martin](#) is right in terms of contradictions. All in all, I think, a much more congenial understanding -- as well as, apparently, more true to the original.

Thank you, Fernando! And Don, for your confirmation. 😊🥰
