

Welcome NothelpfulDoug

Post by “nothelpfuldoug” of November 13, 2023 at 6:30 AM

Ha! Thanks for the welcome. It is in reference to my stubbornness. Long ago, before I had access to a PC, I had a girlfriend create an email and didn't want my real name associated. So of course, she asked what I had in mind, and of course, I had nothing. So hence the birth of nothelpfuldoug. Your response is about the same as I get from everyone else.
