

# Suggested Books for the Next Step After Introductory Texts

Post by “Pacatus” of November 17, 2023 at 3:58 PM

Far be it from me to ever disagree with [Cassius](#)! 😊

I think *Elemental Epicureanism* is still sufficiently current as a next-step, and continuing, resource - and for reading off-line.

As for updating, I always thought that your *Ante Oculos* is worth updating for sure - and maybe moving it from just an e-book (which, for technical reasons, I have more difficulty reading these days) to a Kindle format. (Not trying to promote Kindle here - just that it is my most easily readable format these days.) 😊
