

# The Facial Expression of Epicurus

Post by “Pacatus” of December 15, 2023 at 4:38 PM

@Nate

Just for curiosity, is the red fruit in "Epicurus Dines" pomegranate (perhaps) or tomatoes or ... ?

Tomatoes would be anachronistic, but -- as a poet of sorts -- I completely affirm anachronisms as a valid and vital part of artistic license! 😊 What is important is what the images (and, in poetry, also rhythms and word-sounds) evoke.
