

# The Description of Epicurean Philosophy On Wikipedia

**Post by “Novem” of January 31, 2024 at 11:54 PM**

In the sub-section of the Criterion of Truth, under the Epistemology section, there is talk of a fourth criterion of truth as the "presentational applications of the mind," which is claimed to be an addition of later Epicureans. What are some great first-hand sources or academic second-hand discussions on this fourth criterion? An extension of prolepsis?
