

External "Goods" Impact Eudaimonia

Post by "Pacatus" of March 10, 2024 at 4:24 PM

[Quote from Don](#)

There seem to be SO MANY specific Greek and Latin words that get chopped down to just "happy" in English.

An interesting anecdote on translation: I read once that Martin Buber's and Franz Rosenzweig's translation of the Torah from Hebrew into German was much longer than the original - because they wanted to capture all the nuances of the highly polysemous Hebrew! No "chopping down" for them! 😬 😄
