Happy 20th!

"...Dear Venus, joy of earth and joy of heaven...

...For you that sweet artificer, the earth,
Submits her flowers, and for you the deep
Of ocean smiles, and the calm heaven shines
With shoreless light....

...when the spring
Makes clear its daytime, and a warmer wind
Stirs from the west, a procreative air,
High in the sky the happy-hearted birds,
Responsive to your coming, call and cry,
The cattle, tame no longer, swim across
The rush of river-torrents, or skip and bound
In joyous meadows; where your brightness leads...
