

Six manuscripts of Diogenes Laertius

Post by “Bryan” of March 23, 2024 at 5:34 PM

The "grant" is mostly a joke.

[Quote from Kalosyni](#)

It almost seems like we need a flowchart showing how we got to what we have available in English to us now.

Such a chart must exist. For example, here is Butterfield's mapping of Oblongus and Quadratus.
