

Six manuscripts of Diogenes Laertius

Post by “Kalosyni” of March 23, 2024 at 7:13 PM

[Quote from Bryan](#)

here is Butterfield's mapping of Oblongus and Quadratus.

Looks complicated, lots of codes and symbols...but you can see how all stems from one manuscript.

The various translations into English would add in a whole other dimension, for both DRN and Diogenes Book 10
