

# **Episode 226 - Cicero's On The Nature of The Gods - Epicurean Section 01 - Introduction**

**Post by "Cassius" of April 30, 2024 at 6:19 PM**

A word of introduction on this one: Not a moment is devoted to the discussion of "idealist" vs "realist" perspectives. This is a very general introductory discussion, tracking how Cicero himself introduces the subject.

As with all episodes, and especially this new series as to "the nature of the gods" - comments are welcome.
