

Episode Fifty-Eight - The Mind's Direct Receipt of Images

Post by “Martin” of May 19, 2024 at 5:30 AM

Julian Jaynes' "breakdown" of the bicameral mind seems to have been refuted, partly because his evidence from ancient texts is cherry-picked and evidence to the contrary in ancient texts is ignored by him. There are probably more reasons why it is nonsense, but I am not interested to dig deeper into it to find out.
