Basically, that research agrees with Cassius' observation

Quote from Cassius in Episode 059 starting 30:12 (cleaned transcription)

There's not a lot of discussion of consciousness, or words that today we tend to use as describing the ego or whatever the word you want to use to describe the 'you', the ultimate 'you' [...]

In light of so much philosophising, the only way I can think of for that to not be surprising is to think of minds with limited introspection, minds which cannot as easily refer to *their self* as they can refer to *themselves*... 😊
