

VS47 - Source in Vat.gr.1950 and elsewhere

Post by "Don" of May 23, 2024 at 11:28 AM

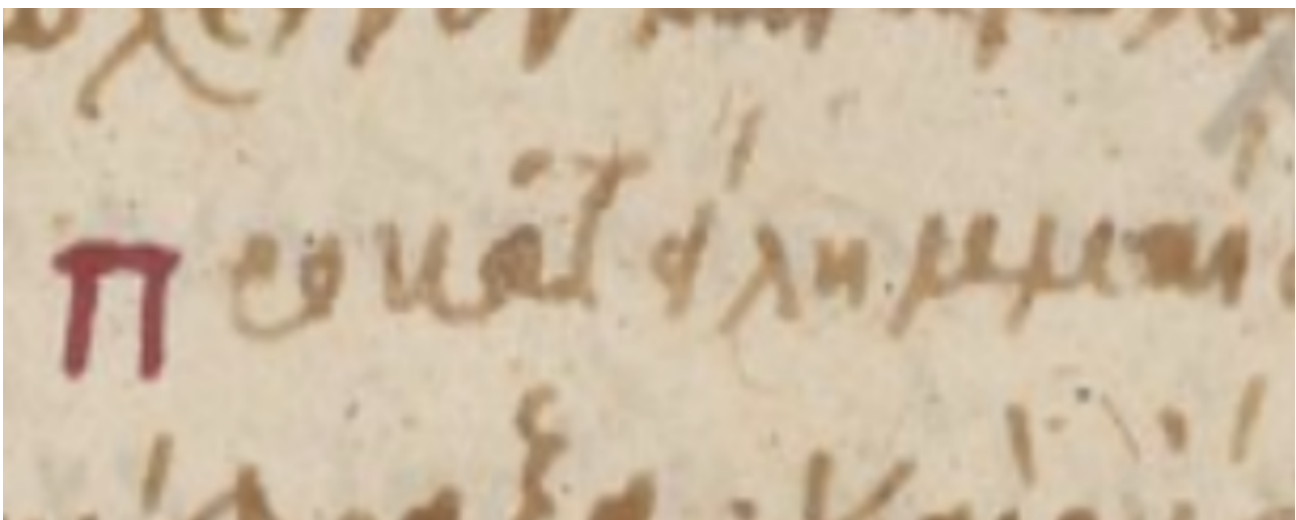

[Quote from Don](#)

Cursive Greek is not easy to parse!

That's πλειονος... And that's a relatively straightforward one!

PS... And...

Προκατείλημμά ... This one has a few more ligatures just for fun. I particularly like the connected ρο rho-omicron with the loop near the beginning.
