

The Axiology of Pain and Pleasure (are they intrinsic good/bad ?)

Post by “Don” of June 4, 2024 at 2:02 PM

In light of the text that there were no individual PDs in the original, I think [PD10](#), 11, and 12 need to be read as a unit. Both 10 and 11 start out "if .." 12 then talks about the impossibility of getting rid of the fears discussed in 10 and 11.

Lunchtime over... Back to work.
