

Request For Volunteers To Assist With Quiz Section

Cassius,

I've hesitated to respond because I am so new here and think of myself as a student not a teacher. I do want to help, though, and in my spare time I put together 6 additional questions and answers to add to the De Witt quiz. This weekend I could certainly come up with 5 or 6 more.

I've read the De Witt book three times (twice a few years ago and once again recently) so I think I have enough familiarity with it to extract some good material for a quiz. If I could have someone check me for accuracy I think it would be fine.

Give me a way to send you the Q&A and I'll send what I have this weekend.
