[Give Us an Example of God!](#)

How do you anticipate the gods that are compatible with Epicurean theology?

- I *personally* imagine a sort of transhumanist depiction of the gods: **behold!** Human evolution has become re-directed through intentional engineering of bio-mechanical extensions that have cured disease and prevented aging. We live in space stations that are removed from solar radiation and rely upon self-reliant forms of power for energy. Our location in space is deep enough that the expansion of space will forever thicken
