Anybody who wants to can save this message and with my blessings slap me every time i am participating in a discussion about things in which we firmly believe the existence of, without ever having seen or heard or touched or tasted or smelled them directly, if I fail to make sure that we site ATOMS as a prime example of such a thing! I am afraid I failed to do so at least in at one spot in this episode so I will have to use every method I can to try to do better!
