

Catherine Wilson's List of Wrongs (From How To Be An Epicurean)

I was amused today reading Catherine Wilson's list (pg. 121, of How to be and Epicurean) of the many things that "It is wrong to do."

"It is wrong to do this..." "It is wrong to do that..." On and on!

I cannot say "It is wrong to write such a book" -- but it sure was not necessary!
