

The Three Moĩpai

Post by “Matteng” of October 7, 2024 at 4:01 PM

For me it is important that I can make decision and am a agent. Because I see what direction wise and not so wise decisions can lead and that the world is more complex and creates steadily new causes than the abstract words "cause/effect" let assume.

Searching on youtube the mainstreams says we have no "free will" (what depends on definition). Here is defense but I know this can be an endless debate:
