[Quote from Cassius](#)

eternal and enduring

Cassius you brought up last Wednesday how Epikouros uses these terms. Here is the distinction as far as I understand it.

αἰώνιος (αἰωνιᾶ, αἰώνιον)	perpetual (moving, multiple)	ΑΙΩΝΙΟΣ characterized by being forever
αἰδῖος (ος, ον)	eternal (static, singular)	Αἰδῖος characterized by forever [heavenly]
